New Levels of Courage

Joshua 1 – Lord giving Joshua the call to lead the Israelites. On three occasions he says be bold and Courageous. He needed to hear this message as this was the only way he was going to enter the Promised Land. We need courage in our lives. All through the New Testament we see that when God's people display courage, God comes in a way where he backs up what they say, with miracles, signs and wonders. He comes and brings about change.

Areas of Courage

Courage to make Jesus Known – Acts 4:29-30

the apostles needed courage to share Jesus, to proclaim the good news, we need it too. Like Paul, Stephen and Peter.

Courage to be who we have been created to be – 1 Samuel 17:38-40
just like David, being who we have been created to be. Not trying to be someone else or let others project onto us who we should be.

Courage to lift our voice

many of us have been quiet for too long. We have a voice that is significant and valuable. That is important for our own lives but also others as the power of life is on our tongue.

Be Bold this week

B – Be Continually in his presence

O – Only listen to his voice

L – Live from your true identity
